Life Begins Here

The college career means something different to each of us. We start out as a group of innocent and naive freshmen waiting and anticipating with anxiety and fear for what lies ahead of us. We leave as an individual, again full of anxiety, anticipation, and fear, but this time we are leaving to enter the world as a unique person ready to make our mark on society. It is this anxiety, anticipation, fear, and stress which gets out blood pumping and our adrenaline flowing. It gives us the energy and desire to move onto our next stage in life, set goals, and attain them.

Throughout this book the heartbeat line is only a segment. There is no beginning or end. This segment is a representation of your college career. The line began for each of us at birth and will continue far and beyond graduation. Time will be filled with ups and downs, but always remember what motivated you in the past and you'll rise again. May your passion and desire to reach your limit go on forever. Here's to your future!

Manhattanville has provided us

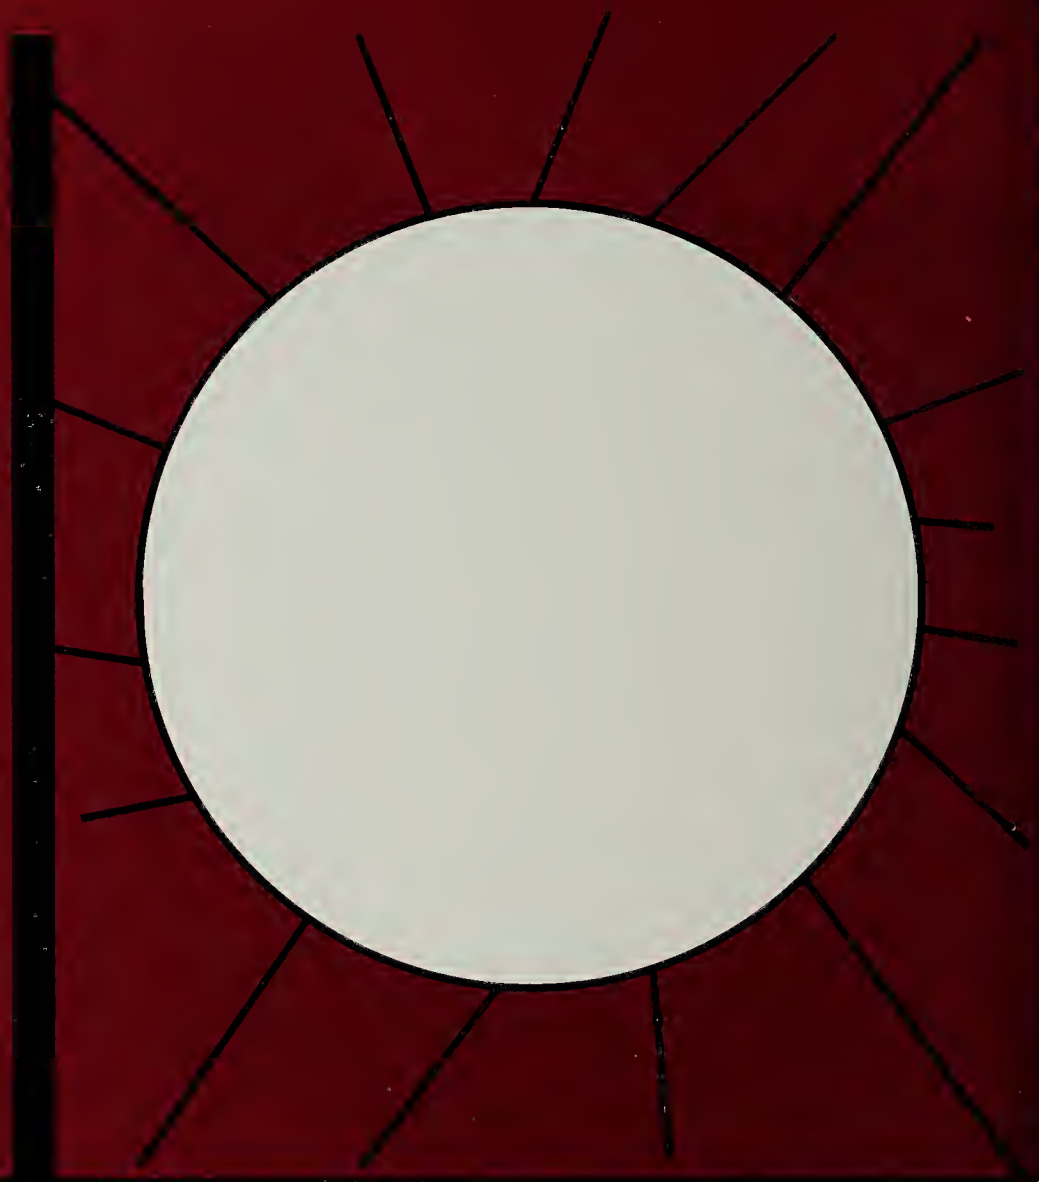
with a chance to live, love, learn, and grow.

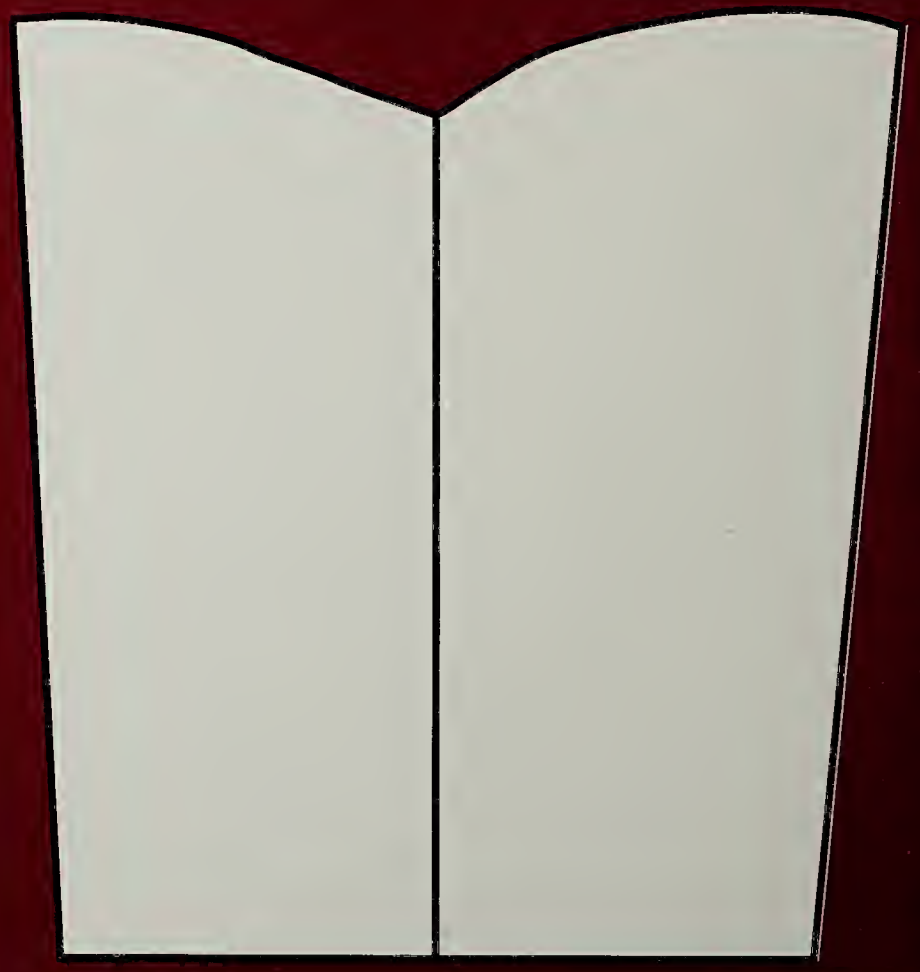
You can say

been an

one, I can't help feeling that the best is yet

I'm just dreaming, I've always optimistic to come . . .





In the lower left are the black mountains of our earth and the M of ourselves, ment. Above us is set the star, the high

we read the book of learning, asking the meaning of our world and of ourselves. And so the cycle moves on without

goal of our quest. To the right shines the sun, the light enlightening every man who comes into our world. In this light

end. The seal, like reality, has no edges; its heights and depths, its width and breadth, lie open to the infinite.

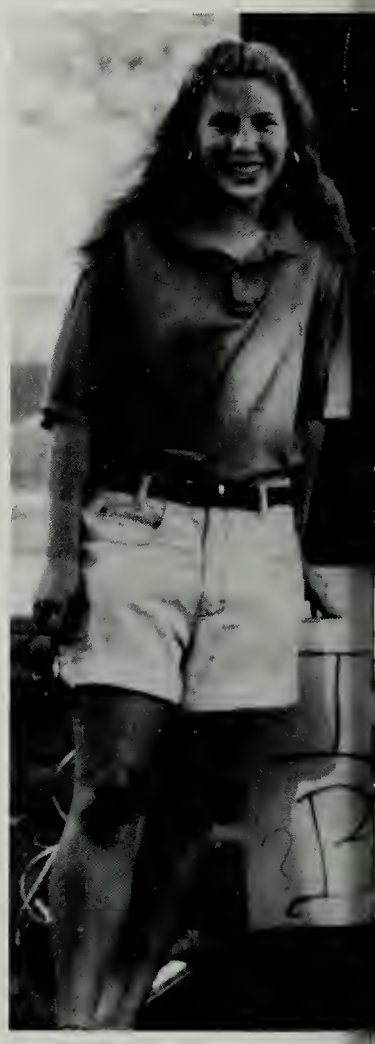
High-Hearted Spirits are on the Rise Again

As the class of '95 entered the gates of M'Ville, they were welcomed by their student advisors with green shirts and cheery smiles. The freshmen's hearts were filled with anticipation, excitement, and a tinge of fear of the unknown and the student advisors' hearts filled with enthusiasm and a bit of exhaustion. After all those microwaves, James Dean and Michael Jordan posters, and cases of Pepsi were moved in, the freshmen began to say their good-byes to their parents with some hesitation and some relief. This is when Orientation really began rolling. That ever-so-loved tradition of Playfair continued on. It gave students a chance to really show how spunky they are. Another memorable event of the weekend was the Gong Show. It allowed the student advisors' true talents to shine through. College Life 101, where students interacted with a group of actors who portrayed different college experiences, was also a big success. In and out of lectures and meals as the freshmen began to feel more at ease with themselves and others, they each began to find their place in the M'Ville community.



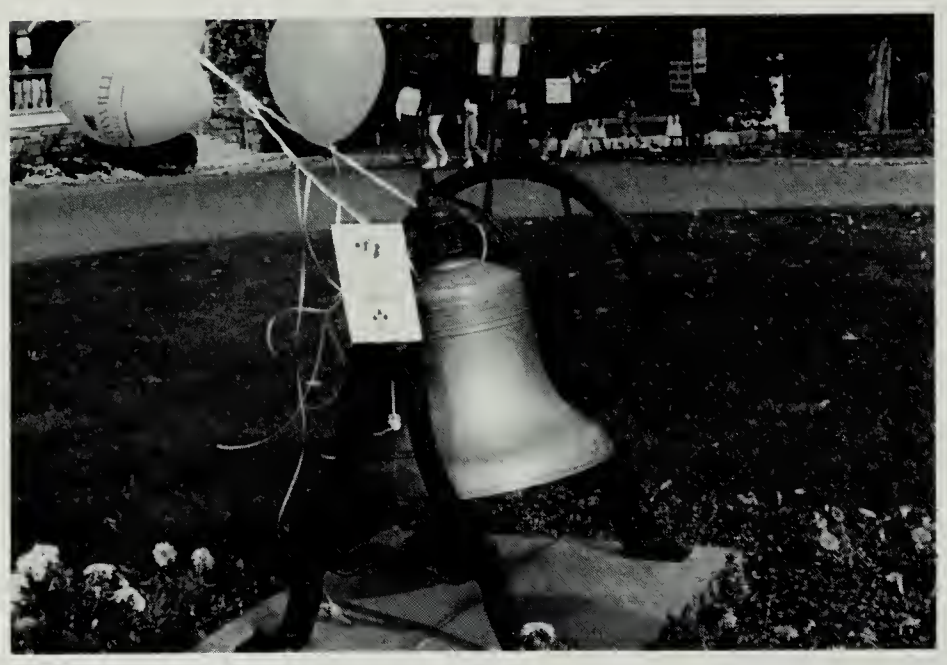
ORIENTATION

. . . A New Beginning

BONFIRE AND BBQ —

Bringing the spirit of Autumn into Manhattanville was easy with the second annual bonfire. Commencing the celebration was a barbecue catered by FLIK outside the buildings of Tenney and Dammann. The entire student body, faculty, and administration bundled up and joined in the festivities of a new school year. As the bonfire blazed throughout the night, Bad Dogs and Mambo Rehab dazzled the crowd with their stage presence. Moonwalks were set up for child-like fun as everyone mingled about in different groups of friends. Hearts were warmed not only by the blazing fire and hot apple cider, but also by the united spirit of a new Manhattanville community.

It only takes a spark to get a fire going!



Even though we're far apart, families stay close at heart

The gates were open with balloon bouquets on each side and an arc blowing in the autumn breeze. The festivities of the day would bring the families together at Manhattanville College, the new home of their son or daughter. As parents trickled in one by one, crowds of people began to fill the Castle with spirit. Students, representing their respective classes, sponsored booths to promote parent-child activities along the Quad. In addition, lectures were given by Manhattanville's professors. As the day came to a close, each participant gained a new sense of Manhattanville's warm atmosphere. The day was a great success!

Clubs play a vital role at Manhattanville, as they offer students the opportunity to channel their never-ending energy in productive ways. Many clubs enhance members' talents or give them the opportunity to utilize knowledge learned in class, such as the Dance Ensemble, Tri-Beta, Eco-Management, Touchstone, Pre-Law Society, and many more.

Clubs provide a forum for students to socialize and meet others as well. Students do not have to be a member of a specific club to participate; many clubs, such as SPB, Quad Jam, and the International Club schedule and plan events for the whole community such as the fall and spring formal, Quad Jam Day, and the International Dinner/Dance.

In addition, clubs help members develop into well-rounded community leaders, and face it — it looks great on grad school applications.

Clubs

It is a national collegiate club and is recognized by colleges across the U.S. Each university represents a nation; a conference is held in Boston for four days. Students become representatives of a nation, part diplomat, part debater, part actor. The primary goal of HNMUN is to provide the best simulation for students interested in exploring the complexities of international relations.

MUSLIM STUDENT'S ASSOCIATION

IN THE NAME OF GOD, MOST GRACIOUS, MOST MERCIFUL

The MSA is a new organization on campus which consists of only a few members. By generating interest of Islam, we hope to create a larger support system for Muslim students and a forum for voicing concerns as followers of the Islamic faith. We plan to do this through presentations, live speakers, and sponsored programs.

INTERNATIONAL CLUB

International Club strives to educate and expand the horizons of the Manhattanville community by organizing and sponsoring activities which promote cultural awareness and appreciation. The Manhattanville Dance Ensemble is an experienced and talented group of performers who are very devoted to the art of dance. The group puts on a major production each fall and spring, hosts a variety of workshops, and hosts guest choreographers.

WMVL is the student-run campus radio station that offers music, news, and special programs to the college community.

WMVL

GERMAN CLUB

Our club consists of German speaking people or students who are interested in learning the German language or learning about the German culture. We wish to create a comfortable environment where the language can be spoken and political, cultural, or social issues in German speaking countries can be discussed. We also hope to educate the campus as to what these countries offer by holding activities such as slide presentations, lectures, and dinners.

RUSSIAN CLUB

The Russian Club hopes to sponsor events that will educate students and faculty of the events in the USSR. This time of change proves to be very exciting for our club. We have begun a new Russian newsletter in effort to keep up-to-date on current events. We sponsor an annual Russian dinner where authentic Russian food is served and a presentation is given by a student having been to the USSR. We also sponsor an annual trip to Brighton Beach in NYC to experience a bit of Russian culture firsthand.

VALIANTS
4

The Valiant's 3-17 record is deceiving and does not indicate the true success of this year's team. Six of the losses were by one goal, many of which occurred in the wanning hours of the game.

Roy Kelly '93 and Sean Chenevert '94 played outstanding defense to keep these games close. Mr. Chenevert, a defender turned goalkeeper tallied 58 saves over eight games. Mr. Kelly was not only the number one sweeper and defensive leader, but also the team's leading scorer with 9 goals and 5 assists.

There were five starting freshman who played well and form a strong foundation for the next three seasons. The team is very young and will only graduate one senior this year. The group of men returning next year will be strong and ready to win.

Manhattanville also had its first Junior Varsity team. The program finished 3-3-1 and looks to expand the season next year. The JV team allowed over 30 players to consistently participate in intercollegiate soccer.

WOMEN'S SOCCER

A year of growth and discovery best describes the women's soccer program. The team finished 6-11 on the year, the best finish in 6 years for the Valiants. Forward Lori Harnisher '94 led all scorers with 7 goals and 4 assists. Following close behind was Susan Mathies '92 who had 3 goals on the year. As a sophomore Ms. Harnisher has already broken into the top ten all-time leading scorers at Manhattanville.

Sound, solid defense was the trademark of the team this year. Defense kept the team within striking distance in every game and that finishing touch was all that was needed in many instances to secure a victory. Sweeper Karen Knapps '92 and stopper Meghan Satori '92 were the mainstay of the back four. Newcomer, Tricia Hart '95 made an immediate impact on the team as their goalkeeper. In only nine games she amassed over 106 saves and averaged almost 12 saves a game.

Although the record does not indicate success, the team was successful in many other ways. Coach Sue Fisher is building a strong foundation for winning seasons in the future.

FIELD HOCKEY

The field hockey team faced many hardships this year including a group of young, inexperienced players, two early season ending injuries and a schedule which included five teams ranked in the top 10 in the Mid-Atlantic region. On the other hand, the team had good defense and outstanding goalkeeping. Jodi Garceau '94 spent most of her efforts as the team's number one goalkeeper, but on several occasions was asked to come out of goal and play defense. She is versatile and is a key member returning in 1992. Barbara Perez '93 sparked many of the Valiant's goals this year and is the experienced player who is a team leader on and off the field.

Leading the team in scoring was Ms. Perez and Mary Emborsky '95, scoring 3 goals and 4 goals respectively. Andrea Miles '92 led the team in assists with four.

The team treated this year as a learning experience. The players are committed to improving and will receive guidance and support from head coach Diane Toth. The Valiants have come a long way from the first day of practice and look forward to next year being a successful and winning season.

The Valiants finished the 1991 campaign with a 10-20 record, placing third in the Hudson Valley Conference. A mixture of seasoned veterans and starting first-year players gave a fresh new look to the team that promises to be both exiting and successful for years to come. Senior Teresa Skarulis and Freshman Rachel Ruisi were both named to their Hudson Valley All-Star Team.

The 1992 squad will have to replace Sarina Green (team leader in service aces with 47), defensive specialist Glorrianna Casanova, and all-time career assists (1549) and service points (723) leader Teresa Skarulis. Ready to fill their sneakers are freshman Susan Chorgo who led the team in kills with 99, Kerry Foster who combined 93 kills with 155 total blocks, and setter Rachel Ruisi who totaled 164 assists and 218 service points. Also look to Laura Saline, Krisy Nemeth, and Kristina Keleher to make significant contributions in 1992.

Head Coach Ralph Tedesco is expecting bigger and better things from his team this season, and so far they have risen to the challenge by posting a 5-2 mark on the 1992 season. The team featured excellent depth this season with six returning letter winners and an enthusiastic, talented group of freshman and junior varsity members moving up to the varsity level.

Leading the way in the 1991-1992 season were senior co-captains and forwards Vic Scipioni and Bob Kasmire. Both reached the 1,000 point career mark early in the season, and will continue to break records as the year progresses. Other returning players include Bob Lasbury, who led the team in assists, Tom Pizzo, who will see action at the point guard position as well as Lasbury, Jayson Farrer, who will be an important part of the valiant offense as well as Brenden Waitkus and Brian McDonagh. Frank LaRuffa and Mike Gormley, both junior varsity members last year will also be expected to make an immediate impact this season.

The Valiants kicked off the season at the Bighamton Tournament placing third, and rallied to take first place honors in the White Rose City Classic at York College.

Head Coach Al Dorogusker enters the 1991-92 season with enthusiasm and high expectations. With a strong group of returning players and eight talented freshman entering the scene coach Dorogusker is expecting a successful year.

Teresa Skarulis has been the leading scorer on the Valiants team for the past two years and has amassed 855 career points entering the season, in addition to being the team's leading rebounder last season, averaging 8.1 rebounds per game. The offensive burden will again fall on this outstanding senior's shoulders. As of now, Skarulis was closing in on the coveted 1,000 point mark, having totaled 957 career points by the end of 1991.

The other two returning starters expected again to lead by example are Julie Mike, the returning senior captain averaging 8.9 points and 6.4 rebounds, and Jennifer Lanoue, a sophomore who averaged 10.1 points and 7.0 rebounds per game. After a year's absence Jennifer Byrne will return and add much needed depth to this young team. In addition, the freshman class will have a tremendous effect on the success of the Valiant squad.

The Valiants enter the new year with a 2-5 record, including a second place finish in the Alumnae Tournament.

SWIMMING

The Valiants face a demanding schedule in the 1991-92 season, but are more than ready for the challenge. The team is mostly comprised of freshman and sophomores. They may be young, but they have the energy and talent to improve the 1990-1991 record of 3-9-1. Most notable is Lore Schaffner. Coach John Collins will look to Schaffner to fill the gap left by Alison Powers who is spending the Fall semester abroad. Returning letterwinners include Rebecca Pfurr, a much improved Silvia Schreer, and diver Anne Haffner. Haffner was sidelined last season with a knee injury. Adrienne Garofalo will lead the way in the butterfly events. while Schaffner will primarily swim breaststroke and individual medley events, Schreer will anchor the freestyle events.

The Valiants carry a 2-6 record into 1992, with victories over Marymount and the College of New Rochelle.

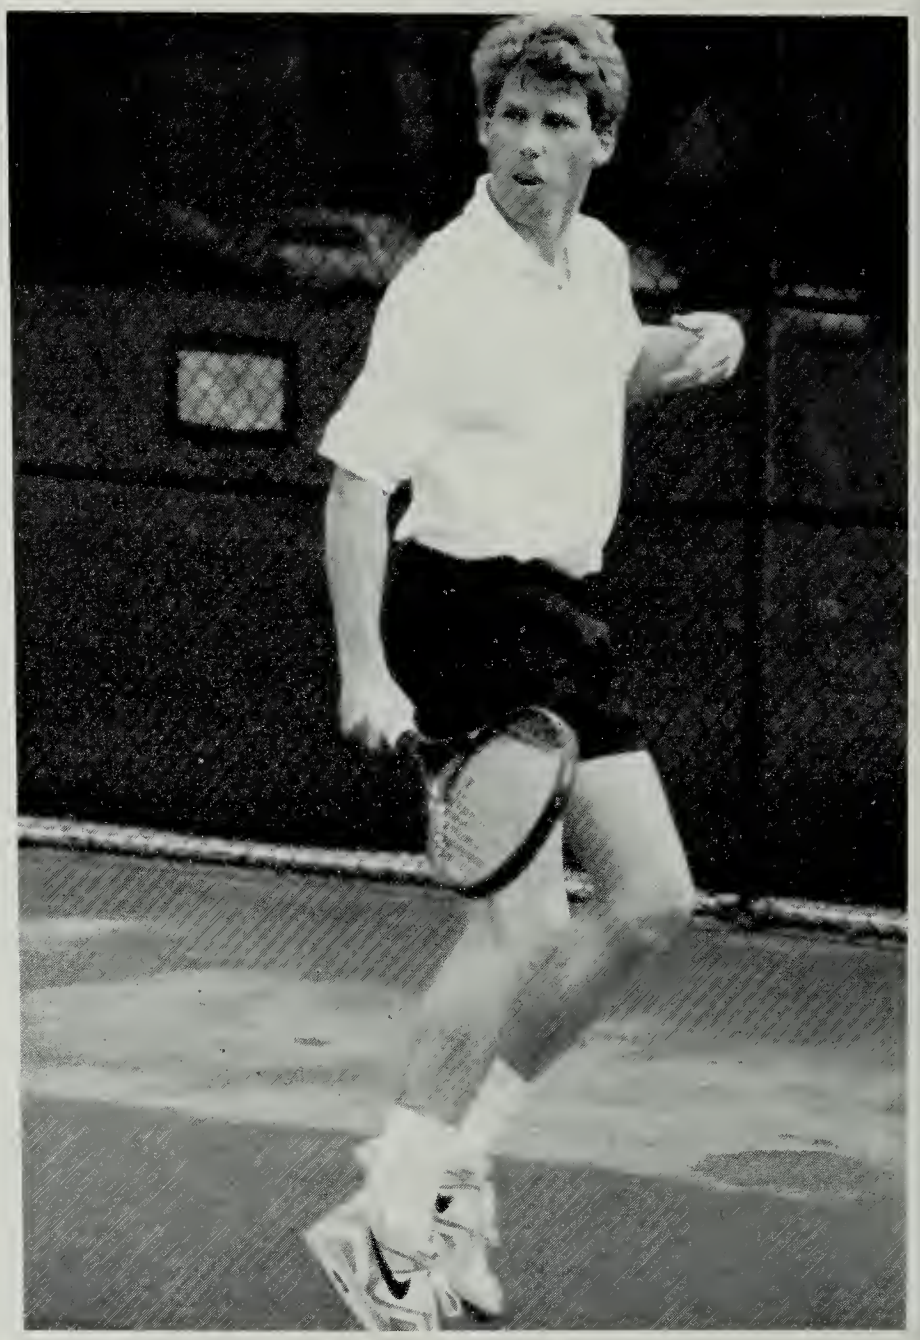
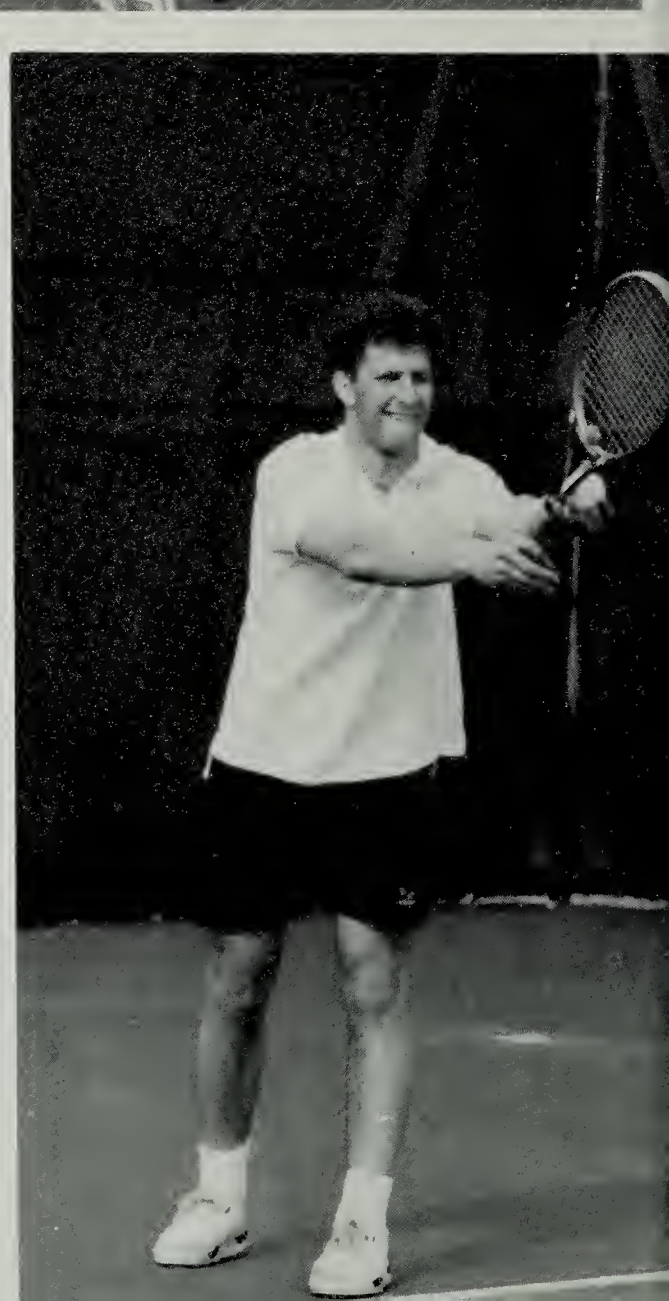
MEN'S TENNIS





Head Coach Charlie Acolina has transformed the men's tennis team into a successful Metro-New York area competitor. Since the team's inception, the Valiants have posted only two winning seasons, both during Acolina's tenure. In 1989 the team went 7-6 and in 1991 the Valiant's posted the program's best record of 10-6.

However, Acolina did not create these accomplishments on his own. First singles Marcelo Pizzimbono assisted him by going 10-2, as did second singles David Tyree, who was the only player to compete in every match, finished the season with a 10-6 overall record. Newcomer, Ted Boesky, made an immediate impact on the 1991 squad. Posting an 11-14 overall record, Boesky was undefeated at second singles and registered an 8-3 mark at third singles. Jesse Levin, Dwayne Gosselin, and Matt Berger also posted successful records at 5-6, 8-3, and 4-2 respectively.

Newcomer, Pia Notaro, won 4 of 6 matches at second singles and veteran third singles Robin Miller also went 4-6.

Since head Coach Elyse Hintzen graduated just one senior, we can anticiapte that the 1992 team will look up to their 1991 showing of 4-7.

After a winter of intense recruiting in 1990, head coach Mike McCarthy looked forward to finally having a pitching staff for the 1991 spring season. With ten players who could throw the ball, Coach McCarthy felt that he had the ammunition to exceed 1990's final record of 7-25. But pitchers can only be as successful as the supporting case of field players and the efforts of the offense at the plate. Although the pitchers and batters threw and hit harder than any season in recent years, it was the 3.2 errors a game that caused Manhattanville to lose five of their contests by two runs or less.

The pitching staff, which gave up 59 fewer runs than the 1990 staff, was led by freshman Chris Kelly and sophomore Jason Kissane, who recorded 3.57 and 3.84 earned run averages a game, respectively. Kelly also struck out a team-high 23 batters. The Valilant's batting average also ranked higher than 1990's season. Rallying Manhattanville's bats was 23 game starter Tony Quinn, who batted .378. Roger Ciriello was a hitting leader who averaged .362 and led the team in RBIs with 20.

Hopes run high for the 1992 season, as a young but more experienced squad returns to the diamond.

At the 1991 Hudson Valley Conference Championship Manhattanville was not going to let history repeat itself, when last spring Marymount upset the number one seed Valiants and took home the title. This year Manhattanville created its own upset. Down by two runs in the bottom of the seventh with two outs, Mt. St. Vincent looked prime to claim the victory when Beth Cotter dashed those hopes. She connected for a triple sending two Manhattanville base runners home and was driven home herself on the next play by Lynnette Jeffrey. The Valiants ended the inning up 4-3 and HUDSON VALLEY CHAMPIONS!

In addition to Cotter and Jeffrey, four other Valiants batted above .400. Heidi Jerzembeck led the crew at .519, her batting average will probably rank among the nation's leaders. Nicole Wadsworth and Lori Harnisher followed at .429 and .429 respectively. Lynnette Jeffrey batted .426, while Beth Cotter and Jen Monaco averaged .338 and .306. Both Jeffrey and Cotter led the team in RBIs with 28, tying them for fourth place in the nation among Division III players. The team also placed first in the nation in runs scored.

Although the team loses some top graduating performers, a fine group of freshmen will join a core of returning players and once again make the Valiants an exciting team to watch.

The Valiants qualified for the ECAC Tournament for the second consecutive year. Despite losing to Kean College in the 1991 Tournament 17-6, the team finished with a fine 11-6 overall record and a 6-1 conference mark — good for second place in the Knickerbocker Conference.

A bitterly disappointing loss to Montclair, the number one seed in the ECAC tournament, was the only blemish on the Valiant's conference record. In that game Manhattanville watched as a commanding three goal halftime lead turned into a four goal fourth quarter deficit. However, Tony Persico sidelined by an injury for eight games came back to pepper the Montclair keeper, connecting for 9 of the Valiant's 17 total goals. However, that is nothing new for a player who averages five goals a game. Even when sidelined his scoring numbers still ranked him among the nation's goal scoring leaders.

But Manhattanville does just not depend on one scorer. Junior Captain Greg Cimino pumped in 49 goals and dished off a team-high 36 assists. Dave LaValle scored 40 times and recorded 26 assists. Freshman attackman Matt Fiengold saw action in all 16 games and netted 33 goals, including the overtime game-winner against U.S.M.M.A. For the fourth consecutive year Joe Paradise has been among the team's scoring leaders, this 1991 season he found the open net 20 times.

MANHATTVILL

Faculty

To the Members of the Class of 1992:

Years from now you will come across this yearbook and, I am confident, you will smile. You will find photos alongside notes signed by friends - some with whom you've long lost contact, others still close - and by professors. The pictures and the sentiments will, no doubt, evoke further memories of your days at Manhattanville. My hope is that the memories, both the fond and the bittersweet, will inspire you to come back again, to continue to be a part of your alma mater.

For Manhattanville will, in one form or another, always remain a part of you. True, it is a name on your resume, it is mentioned in response to a casual question over dinner conversation, yet it is much more than that. The knowledge that there remains a place in today's world for excellence, for individuality and for caring for others will stay with you, even if on a subliminal level, and it will strengthen you.

You are leaving one community -- the Manhattanville student body -- but you are entering a new one, just as proud, just as diverse -- the Manhattanville alumni community. Welcome!

Sincerely,

THE FRESHMEN CLASS

NERVOUS . . .

-Do I have to get myself up in the morning?

-Will I gain the freshman 15?

-I'll take the classes I want and attend them if I want to do so.

-Will mom come up here on the weekends and do my dirty laundry?

ENTHUSIASTIC . . .

-NO parents, NO rules, NO restrictions.

-Everyday I'll meet a dozen new people.

-I'll schedule my classes so that I'll have 3 days off per week, breaks for my soaps, and NO classes before 1:00.

-What time is it? "OH, NAP TIME?" OK.

ANXIOUS . . .

-Is what I'm wearing all right?

-I have a Calculus test next week — If I start studying right now, I may get a clue . . . NOT!

-I've never had so much homework in my life!

-TERM PAPER? How many pages do you want typed? MLA format?

This is a joke, right?

Experience reality: live, learn, love.
Isn't this what life's all about?

In a few years it will be interesting and possibly somewhat amusing to look back and think about all the crazy things you did in college. You may ask yourself — was it all worth it? The answer will be yes. If you are to experience reality — living, learning, and loving, then taking a risk and experiencing new things first hand is what it's all about. After all, life is not a spectator sport. Manhattanville was only the beginning, there's so much more to come — here's to your future!

The seven dwarfs: Happy, Sleepy, Sneezy, Dopey, Grumpy, Bashful . . . Where's Doc?

Fancy meeting you here.

We admit it . . . you caught us gossiping.

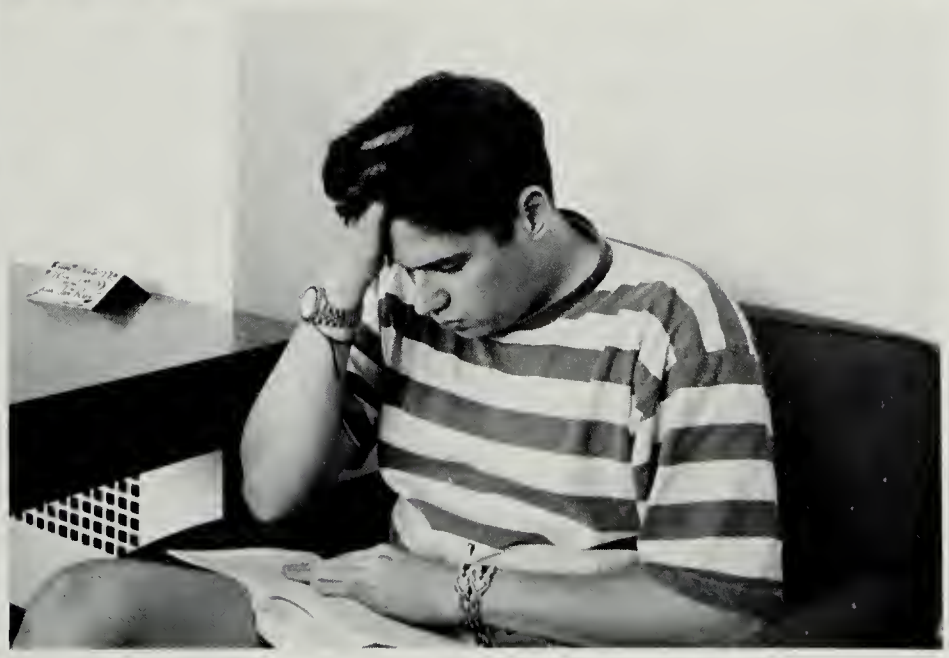
All it takes is a little snow and men go wild.

I lost the last brain cell that separated me from jello!

Just like elementary school — everyone line up by size.

Good friends, good music, what fun.

Oh my God . . . you want me to read? The pressure of reading a book.



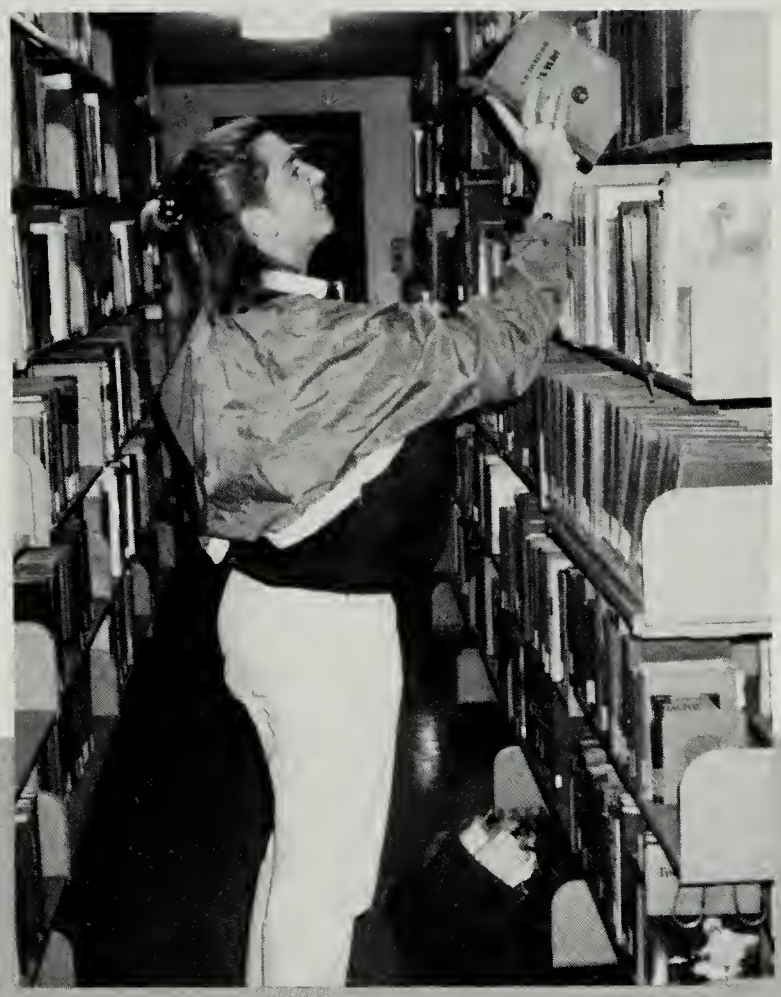
Lynn is not nervous for his Calc. III exam, or is he?

Me and my shadow . . .

Shakespeare? Kant? Chaucer? NO — it's cliffnotes!

She's still smiling. She must have not eaten yet.

No work, no class, no problem.



I'll just put the book here so that no one else can ever find it.

Boys will be boys.

AIDS

Spreading Fear, Not Disease . . . But You Were Afraid to Ask

People across the U.S. rushed to call medical hot lines last week to find out the latest scientific information about the ways the AIDS virus can be transmitted. The number of inquiries was so great that the lines were often tied up for hours. Here are answers to some delicate questions about what can be risky and how people can protect themselves:

Q. Is kissing someone with AIDS dangerous?

A. A very small quantity of the AIDS virus can get into saliva. But it is rapidly destroyed by the fluid's digestive enzymes. There has never been a documented case of HIV infection through saliva. So open-mouth kissing is considered a low-risk activity, but it is not absolutely safe.

Q. What kind of sex is most dangerous?

A. Being on the receiving end of anal intercourse carries the greatest risk, for heterosexuals as well as gays. Blood vessels in tissues lining the anus and rectum are easy to rupture, and that gives HIV a direct passageway to the bloodstream. The majority of sexually transmitted cases (as opposed to those from shared needles or transfusions) probably result from

Q. At what point in a relationship is it reasonable to stop taking precautions against HIV infection?

A. Protection should be used for the first six months after starting a relationship with a new partner. Then each partner should be tested for HIV. If both test negative and the couple have a monogamous relationship and don't indulge in risky behavior, such as using needles, then it's safe to discontinue using condoms as a protection against AIDS.

Q. Is it risky to play sports or share athletic facilities with people who are infected?

A. The AIDS virus is not found in sweat. So health-club members need not worry about who last rode the exercise bike. In contact sports where bloody injuries can occur—such as wrestling, football and basketball—it's possible for the virus to be transmitted from one athlete to another. The risk appears extremely small: the Olympics' chief medical officer has said that Magic Johnson would be welcome to play in the Games.

Despite a decade of AIDS, most people still aren't doing the right thing. Our disease rates are skyrocketing, and our children are at risk.

It has been such a joy to see you grow up so beautifully, without ever growing away from those who so dearly love you —

We have always been so very proud of you!
All our love — Always!!
Mom, Dad and Scott
and Rex

TO LAURA ROSE SIRICO,

When we brought you to Manhattanville that first day, September 2, 1988, Mom was ready to cry, Dad was apprehensive and your dorm room was complete chaos. But, you got it together so we kissed you good bye and left you on your own.

Now, four years later, (how time flies when you're having fun) you are getting ready to graduate. But it wasn't all fun and freedom. You used your time away from home to become a mature, responsible and capable young woman. We have been impressed with your academic performance and with all the energy and commitment you have given to your college! With great anticipation, we feel confident that you will do wonderful things with your future.

We love you very much, and feel more proud of you than we could ever express in words!

CONGRATULATIONS,
MOM AND DAD
